

C3 Glomerulopathy 13th Family Conference

LUCKY 13

October 11-13, 2018 • University of Iowa

Friday, October 12 th	
6:00 PM Dinner at One-Twenty-Six Restaurant 126 E. Washington, Iowa City, IA 52240	
Saturday, October 13 th	
Atrium - Medical Education Research Facility (MERF) 375 Newton Rd., Iowa City, IA 52242	
7:00 AM	Blood Draws Sign in and Coffee
Welcome and Updates	
8:00 AM	Welcome / Greeting from Kidneeds Lynne Lanning
8:15 AM	Greater Cedar Rapids Community Foundation – a fundraising resource for Kidneeds Michelle Beisker, Susan Willey
Understanding C3G	
8:30 AM	The Complement System – When it works, when it doesn't, and when it leads to C3G Richard Smith <i>Learning objectives</i> <ul style="list-style-type: none"> • To understand normal complement activity and regulation • To understand how dysregulation occurs • To understand how dysregulation can lead to C3G
8:50 AM	The Kidney Biopsy: Making the Diagnosis of C3G Danniele Holanda <i>Learning objectives</i> <ul style="list-style-type: none"> • To understand basic kidney anatomy and glomerular function • To understand the key findings required to make a diagnosis of C3G • To understand the limitations/variability associated with a kidney biopsy
9:10 AM	Patient Outcomes Under Current Care: How are we doing? Carla Nester <i>Learning objectives</i> <ul style="list-style-type: none"> • To understand when to begin therapy • To understand how response to therapy is monitored • To understand that current therapy is not curative, it is “disease modifying”
9:30 AM	Transplantation - Now, later and how Christie Thomas <i>Learning objectives</i> <ul style="list-style-type: none"> • To understand issues around the probability of success • To understand whether waiting makes sense • To understand whether there is an ideal protocol if you move forward right now

C3 Glomerulopathy 13th Family Conference

LUCKY 13

October 11-13, 2018 • University of Iowa

9:50 AM	<p>Do you see what I see? Drusen and C3G Tom Oetting <i>Learning objectives</i></p> <ul style="list-style-type: none"> • To understand that you should have a baseline examination by an ophthalmologist knowledgeable in this area • To understand its expected rate of progression • To understand whether certain interventions can prevent or slow progression
10:10 AM	Break
Living with C3G	
10:30 AM	<p>The Natural History of C3G Richard Smith <i>Learning objectives</i></p> <ul style="list-style-type: none"> • To understand the interplay between complement dysregulation and renal damage • To understand the aspects of C3G that are important for a drug trial • To understand our limitations in predicting outcome
10:50 AM	<p>Nutrition Lynne Lanning, Mimi Fitzsimmons and Nick Jones <i>Learning objectives</i></p> <ul style="list-style-type: none"> • To understand what an anti-inflammatory diet entails • To understand dietary phosphate and how to minimize its intake
Advances in Complement Therapies for C3G	
11:10 AM	<p>FDA and the Path to Drug Availability Elizabeth Durmowicz <i>Learning objectives</i></p> <ul style="list-style-type: none"> • To understand how patients can work with the FDA to facilitate clinical trials • To understand the concept of “fast tracking” a drug • To understand what the FDA considers important renal endpoints for success
11:30 AM	<p>Clinical Trial Update Carla Nester <i>Learning objectives</i></p> <ul style="list-style-type: none"> • To be familiar with the currently available trials • To understand that the trials are designed differently • To understand the drugs target different parts of the complement system
11:50 AM	Q & A
12:15 PM	Eat and Greet with the MORL

C3 Glomerulopathy 13th Family Conference

LUCKY 13

October 11-13, 2018 • University of Iowa

Living with C3G	
1:00 PM	My experience with transplantation Danny Harris
1:10 PM	My experience on Eculizumab and two generations of C3GN Lindsay Fuller
1:20 PM	My experience in a clinical trial and with Drusen Dave Yates
1:30 PM	Q & A
The International C3G Community	
1:40 PM	An update from Italy Fabrizio Spoletti
1:50 PM	An update from the Netherlands Pieter Hogeveen
2:00 PM	An update from Belgium Marian DePlus
2:10 PM	Q & A
2:30 PM Poster Session and Break	
<i>Learning objectives</i>	
<ul style="list-style-type: none"> To become familiar with the on-going research in the MORL 	
Poster 1	Nephritic Factors Jill Hauer
Poster 2	MaxGel and the Glycomatrix Sofiya Pisarenka
Poster 3	Somalogenic Study Bertha Martin
Poster 4	Deciphering Genetics Fengxiao Bu
Poster 5	Things we think we know but don't...The <i>Cfd</i>^{-/-}<i>Cfh</i>^{-/-} Mouse Yuzhou Zhang
Breakout Sessions	
2:50 PM	Patients Facilitator – Marloes Hogeveen and Danny Harris
	Non-Patients Facilitators – Ed and Carolyn Harris
4:00 PM	Reconvene and adjourn
6:30 PM	Family Dinner – Smith Home, 11 Cherry Lane, Iowa City

C3 Glomerulopathy 13th Family Conference

LUCKY 13

October 11-13, 2018 • University of Iowa

Directions from Sheraton Hotel to Newton Parking Ramp

- Head south on S Dubuque St toward E Burlington St/Historic US 6 (Pulling out of parking ramp)
- Turn right onto E Burlington St/Historic US 6 at stop light
- Turn right onto S Madison St (Second stop light)
- Turn left onto W Iowa Ave (First stop light)
- Continue onto Newton Rd
- Parking ramp will be on the right (you have to drive by the structure before turning into the entrance)

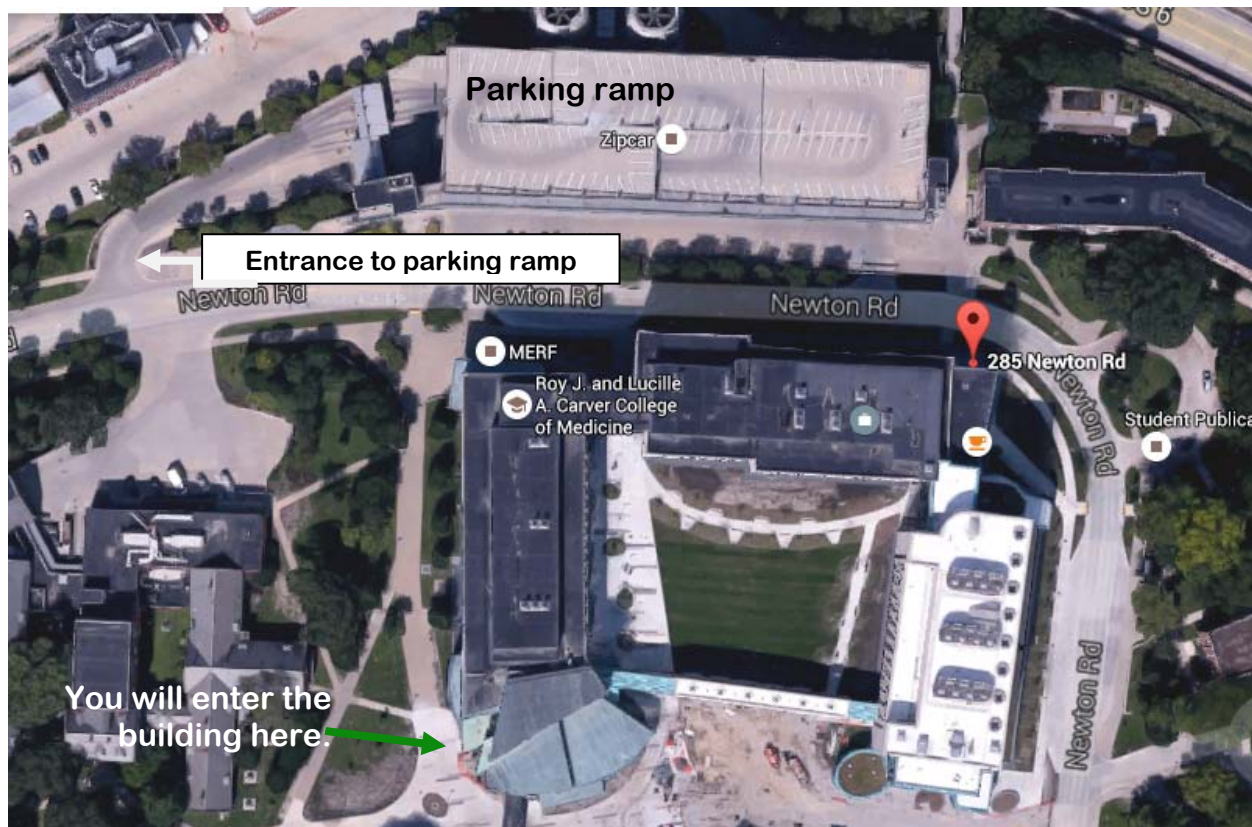

C3 Glomerulopathy 13th Family Conference

LUCKY 13

October 11-13, 2018 • University of Iowa

To get to the conference, walk up the sidewalk to the west side of MERF and follow the signs to come into the building.

We will have the hotel shuttle drop people off in front of MERF.
